

EXPERIENCE IN THE MAKING

Platinum Plus Solutions offers the highest standard in interior design systems for public venue or private home to help make your dream space come true.

COMMERCIAL

Platinum Plus Solutions designs and installs elegant technology systems to complete even the most ambitious project — on schedule and in style.

RESIDENTIAL

Platinum Plus Solutions works directly with you to personalize your home and transform your day-to-day living space into a once-in-a-lifetime experience.

COMPLETE ENVIRONMENT

Platinum Plus Solutions brings a unique design and project management technology solutions perspective to guide you through any size project. As the service division for a global manufacturer, we are able to leverage considerable resources and expertise from all areas of the organization.

With your project vision as a starting point, our solutions team works with you to seamlessly integrate a technology system that can be duplicated across multiple projects.

FROM IDEA TO IDEAL

Platinum Plus Solutions helps you fully realize your project vision with a comprehensive process unlike any other on the market. We oversee the installation and execution of the technology solutions for your project. The result is a seamless experience that delivers on your vision.

DISCOVERY

First Meeting

Our team evaluates your project requirements and makes recommendations to meet your vision. Our global experience ensures optional solutions are fully scoped and presented.

Documentation

We provide documentation and any support materials required to assist you in reviewing our recommendations for final approval.

CONSTRUCTION

Assembly

Upon approval, we conduct a resource evaluation to ensure timely and successful completion of your project.

Implementation

During the construction phase, we oversee and support the trades responsible for executing the technology components of the project.

FINISHING TOUCHES

Walk Through

Upon completion, we'll walk through the entire project with you to ensure our work meets or exceeds your expectations. In addition, we'll show you and your designated parties the correct operation of the installed solution.

Post Completion

To ensure total satisfaction, an additional walk-through is scheduled within 90 days after move-in.

ABOUT US

Platinum Plus Solutions is the direct-to-user service division for Legrand, a global specialist in electrical and digital building infrastructures that enhance and transform spaces using today's most innovative technology.

With the expertise and resources of a global company, and grounded on years of experience in both commercial and residential environments, the Platinum Plus Solutions team can design, engineer, project manage and install a customized solution that enhances and simplifies your interaction with technology.

Legrand

One Company, Many Brands. United by Design.

Legrand is the world specialist in products and systems for electrical installations and information networks, offering solutions for use in residential, commercial and industrial buildings.

Listed among *Forbe's* magazine's Top 100 Most Innovative Companies, Legrand is committed to understanding each and every customer, and to adding value through innovation by making systems energy-smart, installer-friendly, and providing significant life-cycle benefits.

The Platinum Plus Solutions team is ready and available to help answer any questions you may have — before, during or after your project.
