

**HATE WILL NOT
DIVIDE US**

The Levine Center to End Hate seeks to unite the greater Rochester community in overcoming hate through **education, dialogue, and positive action.**

Each step taken to end hate is a transformative opportunity we create together. The Levine Center to End Hate increases these opportunities through programming that activates cooperative and collaborative responses to hate in all its forms. Partnering with local agencies throughout greater Rochester, we are proud to amplify efforts that foster tolerance and understanding across our community.
